

# BOOK STALL

## Hope in a Crisis

The *Hope in a Crisis* booklet is dedicated to all those families and friends who have lost loved ones during the COVID-19 crisis, and the staff who have worked tirelessly in the health and social care services.

The author, Vivienne Manley, previously worked as a chartered physiotherapist in the health and social care services. Vivienne retrained, and now works as a specialist hospital chaplain in the NHS.

*Hope in a Crisis* is being widely used in Northern Ireland and the UK by

hospital chaplains and bereavement coordinators, with the aim of providing support to families who are bereaved at this time of crisis beyond.

*Hope in a Crisis* is free of charge while stock remains. To request copies please contact:-
